As part of our ongoing efforts to simplify the process for self builders we have assembled all the key information you need in one place. This website covers:

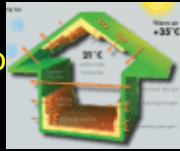

- Explanation of the key design and performance considerations in choosing insulation materials
- Expertise and guidance on Building Regulations and gaining credits on the Code for Sustainable Homes
- Thermal and acoustic insulation for all applications including roofs, external walls, ground floors and internal walls/floors
- Impartial advice and technical support from the only UK manufacturer of multiple insulation materials
- All your SAP calculations and Energy Performance Certificate requirements taken care of
- Nationwide network of stockists of our industry-leading sustainable solutions
